Michael Bowling Distinguished Advising Award

The basic relationship in the advising program is, of course, that of the adviser and advisee. It is one of the primary means by which the advisee's education is individualized. By attitude the adviser can convey to the advisee a continuing personal interest in the student. Ideally, there is mutual friendliness, confidence and respect for one another's individuality...the Stephens adviser succeeds best by remaining clearly aware that the ultimate objective is a self-motivated and self-disciplined advisee, actively pursuing goals of their own choice which are intellectually stimulating and ethically sound. The Distinguished Advising Award was created to recognize Stephens advisers who display these traits.

2022.....Bethanie Irons, Ph.D.
2023.....Monica McMurry, Ph.D.
2024.....Michael Barger, Ph.D.

Alumnae Association Scholarship

The Alumnae Association Scholarship was funded by generations of Stephens College alumnae and is awarded each year to students who embody the Stephens spirit.
